

The 2021 Intergalactic FM Streaming Festival – Press Kit (2021-05-26)

This press kit: <https://www.intergalactic.fm/festival/2021/2021-ifm-fest-press-kit.pdf>

General information

Official name of event:

The 2021 Intergalactic FM Streaming Festival

Abbreviated name of event (only when needed):

2021 IFM Streaming Fest

Start date and time: 21st of May 2021 at 16:00 Central European Time (CET)

End date: somewhere in the first half of June

Sets will be broadcasted on CBS TV, “The all-action satisfaction channel featuring beats and beltters” <https://www.intergalactic.fm/cbstv/> or on THE DREAM MACHINE TV, “Space and Experimental exploration station, warm up and cool down” <https://www.intergalactic.fm/tdmtv/>. Note that some artists have submitted sets for both CBS (Cybernetic Broadcasting Station) and THE DREAM MACHINE.

Each day, sets will be broadcasted from 16:00 – 04:00 and rerun in the same order in the following 12 hours. The lineup will be announced each day in the stream and will be updated in the stream as well. This will be repeated for approximately several days until all sets have been broadcasted. IFM festivals always program only a few hours in advance.

Then, for two weeks, all sets will be rerun in the same original order continuously and broadcast times are predictable. Subsequently, all sets will be made available in our archives.
